

This incredible new, super-slimline snack machine offers a remarkable choice of product selections, despite its small size. Available as ambient or refrigerated models, both fitted with Ice White LED lighting as standard, a range of payment systems can also be chosen to satisfy all site requirements (as well as of course the possibility of slaving to a DarenthMJS host machine). A standalone battery powered variant of this superb new machine (ambient only) is also available, which even allows this incredibly versatile machine to be installed in locations where no mains power is available!

## Standard Features Include:

- Only 12" deep – unobtrusive on even the narrowest of corridors.
- 16 selections as standard - (6 x crisp, 8 x confectionery, plus 2 x cans)
- Up to 8 crisps selections (7 products per selection)
- Up to 8 confectionery selections (11 products per selection)
- Up to 4 can / stubby PET bottle selections (2 x 5 per selection, plus 2 x 9 per selection)
- Up to 2 full sized PET bottle selections (2 selections lost)
- 250ml (Red Bull sized) can option holding 14 cans per selection
- Wide range of "non-standard" product handling options also available, including Pringles, Pot Noodles (including king size), Oat So Simple and Alpen Porridge pots etc. etc. Please ask sales office for details\*
- Also ideal for toiletry and commodity requirements
- Easy fill inner door mechanism
- Slave, coin operated and full changeover variants\*
- Optional Vendsafe drop detection technology\*
- Energy efficient Ice White LED lighting fitted as standard
