TOTAL DESIGN & MANUFACTURE

PRODUCT CHOICE AND CAPACITY

Selections:

3 products, wide variety of compatible items including standard 330ml cans, 250ml 'premium' cans (such as Red Bull) and PET bottles.

Capacity:

330ml cans - approx 270 cans total (90 per selection)
250ml cans - approx 288 cans total (96 per selection)
PET bottles - between 100 and 270 bottles total (dependant on bottle height)

Product display:

Actual products are presented in crystal clear display windows for maximum user appeal.
Innovative, animated display backlighting, together with bright white illumination of display windows (interactive with product choice and can be animated to attract attention).
All lighting is energy efficient, environmentally friendly LED - no troublesome fluorescent tubes to be replaced!

POWER REQUIREMENTS

220-240V, 50Hz, single phase.
400W, 13A plug fuse.
5A internal fuse.
Machine is fitted with a 2.6 metre mains lead.

DIMENSIONS (WxHxD):

Machine: 450mmx1850mmx745mm (inc. space for ventilation)

WEIGHT:

Machine (empty): 140kg

PAYMENT SYSTEMS

The CHILLOUT is perfect as a stand alone unit. It is available as a free vend machine, fitted with a full electronic coin mechanism which accepts all coins plus token, or can even be fitted with a full change-giving facility if required.

Alternatively, the CHILLOUT can be utilised to perfectly complement the entire range of DarenthMJS hot and cold drinks and snack machines and in this format can operate as a 'slave' to the host machine thereby utilising the same payment system.

High visibility, stylish blue, liquid crystal display.

Free vend master override switch.

I-Key cashless payment system compatible.
